Principal's Corner

I am so very excited to share our newest adventure at FDS!!!

I have been working at FDS for about 6.5 years now. During this time I have always thought we need to update our playground for the 1st-8th grade students.

I approached our Superintendent, Mrs. Uptain, with an idea and she said "Go for it!". So I did. We have contacted a company and were given several design options for a new playground structure. We narrowed the choices down to two options.

I felt it very important to give the students a voice in this exciting project. Therefore, today I went around to each classroom and showed the students the two options for new playground equipment. I explained the new features and then had students do a heads down vote.

I am excited to announce that option 2 (below) is the winning option.

We will remove the swings, dome, and bars and replace with the structure you see below. Project Fit will remain intact. I hope to have the project complete before the end of the school year!!!

Thank you Mrs. Uptain for the quick approval and support! Our students deserve this amazing playground. Happy Friday! ~Mrs. K~
